

PRESS RELEASE - FOR IMMEDIATE RELEASE

FIMAV @ 36 – LEE RANALDO / RENÉ LUSSIER / MARC URSELLI / BALÁZS PÁNDI

Victoriaville, 19 March 2020 – This year more than ever, the team at the Festival International de Musique Actuelle de Victoriaville is meeting new challenges. However, this is not the first time that a change to the concert schedule has occurred two months before the event. We therefore announce, on this first day of spring, that for personal reasons having absolutely no connection with the coronavirus, Jim Jarmusch has cancelled his presence in Victoriaville on May 15. Lee Ranaldo, Marc Urselli and Balázs Pándi have decided to invite René Lussier to complete their quartet. With the addition of this master improviser and multifaceted guitarist, the project is likely to become... something else!

Visit our [website](#) for all the information on this concert, which will take place on May 15 at 10 p.m. at Colisée A. While you are there, check out the rest of the programming of the 36th FIMAV 2020 and discover a line-up of artists with limitless creativity.

The FIMAV team remains hopeful and continues to work on presenting the event as planned, while respecting scrupulously all safety measures adopted by our governments. In the event that the 36th FIMAV 2020 should be cancelled, we will put in place a compensation system for ticket holders. We want to assure the public, the artists and our staff that their health and safety are our priority. We are monitoring the situation very closely, and this will allow us to make the right decisions in due time to play our part in the efforts to contain the spread of COVID-19.
